Apply to Web development internship

I am writing to you with regates to show my interest in your announcement which offered a good opportunity for me to apply for a web development internship. Currently, I am a student of software development in year 3. I have good communication and friendly with other people.

I would prefer to learn more about web development at your company. I always research and practice more to improve my skills and knowledge. I'm sure with my confidence that I have the skills and qualifications that you are looking for. I look forward to discussing with you further on my considering my application.

I gratefully thank you in advance for your precious time and valuable consideration of my resume. I would be happy to attend an interview at your convenience.

Respectfully, Chan Tithmakara

ABOUT ME

I am a student of software development in Year 3. For me, I am good at web design at my university. In my free time, I always code to develop websites to improve my skills. Moreover, research new templates on any social media.
